Call to Order

The April 17th, 2019 RTCC meeting was held at the Albemarle Commission Building, in Hertford, NC and was opened and called to order by RTCC Chairman Rhett White at 10:06 a.m.

Roll Call

It was determined a quorum was present with the following RTCC members in attendance:

Chairman Rhett White, Town of Columbia; Phil Geary, NCDOT-TPB; Jerry Jennings, NCDOT Division 1; Brooks Braswell, NCDOT Division 1; Dan Porter, Camden County; Ben Stikeleather, Currituck county; Shelley Cox, Pasquotank County, Andy Stewart, Kitty hawk; Bill Rich, Hyde county; Frank Heath, Perquimans County; Kellen Long, Elizabeth City; Wes Haskett, Southern Shores; Curtis Potter, Washington County.

Agenda Approval

Chairman White called for a Motion to approve the agenda as written. A Motion to approve the agenda was made by Curtis Potter, Washington County, and seconded by Frank Heath, Perquimans County. The Motion carried unanimously.

Approval of January 23, 2019 Minutes

Chairman White called for a motion to accept the minutes as presented. A Motion to approve the minutes Shelly Cox, Pasquotank County, and seconded by Kellen Long, City of Elizabeth City. The Motion carried unanimously.

FY 2019-2020 Planning Work Program Approval

Director Welsh stated the Planning Work Program was reviewed at the January 23rd, 2019 meeting. Director Welsh stated the work for Safe Routes to School Program grant was added since the RTCC reviewed the PWP in January. She stated the Safe routes to Schools program was ending and the RTAC passed a resolution recently asking the federal government to continue to fund the program. The State took over the program and offered the program as a grant opportunity. The Albemarle Commission applied for the grant, however, the RPO will be administering the grant. We have not yet heard if we have been awarded the grant at this time. If we are awarded, the work has been placed in the planning work program.

A Motion to adopt the FY 2019-2020 Planning Work Program as presented was made by Wes Haskett, Town of Southern Shores, and seconded by Curtis Potter, Washington County. The Motion carried unanimously.

ARPO Mini-Grants Approval

Director Welsh discussed the Town of Duck applied for \$5,648 to print 30,000 copies of their brochure. The brochure features information about Duck Trail, Soundside Boardwalk and pedestrian and bicycle facility information. The total printing cost is \$7,060 but the Town of Duck offered to contribute \$1,412,

which is a 20% match, but a match is not required. She went on to say the Town of Duck was the only applicant for the grant.

A Motion to approve the full amount of \$7,060.00 was made by Andy Stewart, Town of Kitty Hawk, and seconded by Shelly Cox, Pasquotank County. The Motion carried unanimously.

P6.0 Project List and methodology Approval

Director Welsh discussed creation of the project list and scoring methodology. Scoring will begin again in November or December of this year. She explained the project list was compiled through workshops and by email correspondence from the local governments in the RPO region. She stated some projects had been deleted and new projects added. She went on to explain the spreadsheet incorporated in the agenda package and she stated “carryover” projects are automatically resubmitted and some projects are already programmed in the STIP so they will not show up on the list. Dare County has a pedestrian sidewalk project that has some local funds in Hatteras. Andy Stewart stated Kitty Hawk wanted to add a sidewalk along NC 12 from West Kitty Hawk Rd to Bird Street. Director Welsh stated If the project list is tentatively approved, it will go out for public comment in the beginning of May for one month. She went on to say the Methodology has not changed; the only change is the actual dates of when things will be done.

A Motion to Tentatively Approve the ARPO Methodology was made by Shelley Cox, Pasquotank County, and seconded by Ben Stikeleather, Currituck County. The Motion carried unanimously.

A Motion to Tentatively Approve the project list with the Kitty Hawk project addition was made by Andy Stewart, Town of Kitty Hawk, and seconded by Kellen Long, City of Elizabeth City. The Motion carried unanimously.

Providence Road Bridge Approval

Kellen Long from, Elizabeth City discussed the Providence Road bridge project that had been proposed by the City of Elizabeth City. She stated the bridge goes to the Oxford Hight’s Subdivision, which floods with any big rain event, and the bridge will be underwater. The bridge is very old and is a major project Elizabeth City’s Utility Department has been looking at replacing.

Jerry Jennings with NCDOT stated the NC DOT has a municipal bridge replacement program, which allows federal funding for replacement of bridges that are on municipal systems not on the NCDOT system. This bridge can be added to the STIP. The city would have to pay the local match and the federal funds would be used for a portion of the project. This was discussed to be added to the STIP at the last Board of Transportation meeting and will be considered for approval at the Board of Transportation meeting.

A Motion to approve the request to add the bridge to the STIP was made by Frank Heath, Perquimans County, and seconded by Dan Porter, Camden County. The Motion carried unanimously.

Public Comments

Chairman White opened the floor for public comments and there being no public comments, he closed the public comments and opened the meeting up to comments by the Board members.

Comments

Chairman White thanked NCDOT for their part on the North Road Street project in Tyrrell County.

Catherine Peele discussed the passenger Ferry construction being delayed and discussed how they are looking at a leasing option for the summer season.

Adjournment

The meeting was adjourned at 10:28 a.m.

Presentations

NCDOT Update:

Brooks gave the NCDOT project update. He went through the highlights of projects in the works.

Jerry Jennings mentioned the new bridge over the Oregon Inlet and how they are focusing on the demolition of the old bridge. He stated the work over a three-span area in the deep water, of the new bridge, is commencing in order to address the current navigation challenges. They are hopeful in the next couple weeks the three span section will be clear so navigation will improve, then demo work will move north.
